CAREER OBJECTIVE

Motivated Computer Science student pursuing **B.Tech** in Computer Science and Systems Engineering, seeking internship opportunities to apply Python and software development skills in real-world projects.

EDUCATION

B-Tech in Computer Science & System Engineering
Andhra University | 2024-2027
- **SGPA (Sem 3, 4):** 8.79, 8.58

Diploma in Computer Science
Govt. Polytechnic For Women | 2021-2024
- **Percentage:** 90.28%

Secondary school certificate(SSC)
Kranthi Vidyaniketan | 2020-2021
- **Percentage:** 100%

TECHNICAL SKILLS

- **Programming Languages:** Python, C, Java (Basic)
- **Backend & Frameworks:** Flask, Flask-SQLAlchemy, Flask-JWT-Extended
- **Databases & ORM:** SQL (MySQL), SQLite3, SQLAlchemy
- **Authentication & Security:** JWT Authentication, Role-Based Access Control
- **API & Validation:** REST API design, Marshmallow, OpenAPI (Swagger)
- **Tools & Deployment:** Git, Postman, Flask-Migrate, Gunicorn, Render

PROJECTS

Job Application Tracker API(Flask, SQLAlchemy, JWT, Marshmallow, OpenAPI, Render)
- Designed and deployed a production-style REST API to track job applications, interview rounds, and hiring progress.
- Implemented JWT authentication, schema validation using Marshmallow, centralized error handling, and structured logging.
- Built modular architecture using the Flask application factory pattern and deployed on Render with Gunicorn.

Student Management System REST API(Flask, Flask-JWT-Extended, SQLAlchemy, SQLite)
- Developed a role-based REST API for managing students, courses, enrollments, and academic results.
- Implemented JWT authentication with Admin and Student access control for secure protected routes.
- Designed relational database models and CRUD endpoints following REST principles.

Notes Management Application (Flask, Flask-WTF, SQLite3, SQLAlchemy)
- Built a Flask-based notes application with user authentication.
- Enabled add, edit, and delete functionality for notes.
- Managed data using SQLite3 with SQLAlchemy ORM.

SOFTSKILLS

- **Problem-solving**
- **Time management**
- **Self-motivated**
- **Team collaboration**
